

Dogs department

## **'Dogs department designs accessories for dogs and their best friends'**

The fun loving accessory brand for dogs and their best friends is located in The Netherlands. Keywords for Dogs department design's are functional, fashionable and high quality. Overall the main focus of the collection is to combine comfort and wear ability for the dogs with a real fresh and innovative approach to style. To ensure this all, styles are rigorously tested and only the highest quality materials are used. Most products are therefore hand-made in The Netherlands by experienced and skilful experts. Dogs department believes dogs of every shape and size can be just as stylish as their owner.

Dogs department tries increasingly to think of nature in producing her collection. We care for dogs and their environment. There for this season's collection AW 2011 has been inspired by natural raw materials.
